1(a)(iv) Explanatory notes on performance for 1Q 2011

Due to the change in Group's accounting policy to be in line with the new INT FRS 115 – Agreements for the Construction of Real Estate as disclosed in Note 5 of Page 14, a retrospective application is required under FRS 8 Accounting Policies, Changes in Accounting Estimates and Errors, and hence the Income Statement for the Group for 1Q10 has been restated as if the new accounting policy had always been applied.

The variance analysis below is compared between income statement for 1Q11 and the restated income statement for 1Q10. The original income statement for 1Q10 (before restatement) is also presented for information only.

1. Revenue

Revenue increased by S\$8.0 million from S\$106.3 million in 1Q10 to S\$114.3 million in 1Q11. This was mainly due to higher revenue from Property Sales and Fee-based segments by S\$14.0 million and S\$3.6 million respectively, but partially offset by lower revenue from Hotel Investments segment by S\$9.6 million.

Property Sales segment recorded higher revenue mainly attributable to divestment of a development site to Banyan Tree China Hospitality Fund (I) ("China Fund"). Higher revenue from the above sale was however partially offset by lower revenue recognition from property sales as there were only revenue recognition for 1 unit each of Laguna Village bungalow and Banyan Tree Phuket Double Pool villa. On the contrary, revenue for 1Q10 mainly comprised 3 units of Laguna Village townhomes/bungalow, 4 units of Banyan Tree Phuket villas and 1 unit of Banyan Tree Bangkok suites.

Fee-based segment recorded higher revenue by S\$3.6 million compared to 1Q10 largely due to fund management fees from China Fund which completed its final close in January 2011 with a total fund commitment of RMB1.07 billion (or S\$210 million), and higher hotel management fees and spa / gallery revenue from new openings at Banyan Tree Cabo Marques (opened in April 2010), Banyan Tree Club and Spa Seoul (opened in June 2010), Banyan Tree Samui (opened in July 2010), as well as sale of spa/gallery products to the upcoming new outlets at Marina Bay Sands and Banyan Tree Macau.

Lower revenue from Hotel Investments segment was largely a result of the cessation of revenue from Dusit Laguna Phuket ("Dusit") hotel operations in Thailand following the completion of its sale in October 2010. Our properties in Maldives also recorded lower revenue by \$\$0.4 million. However, this was mainly due to weaker US\$ against \$\$ which resulted in lower \$\$\$ revenue being translated from US\$. In US\$ terms, Maldives' revenue was higher by US\$0.8 million.

2. Other income

Other income decreased by S\$3.0 million from S\$3.4 million in 1Q10 to S\$0.4 million in 1Q11 as other income in 1Q10 included final settlement of insurance proceeds arising from the Tsunami claim.

3. Costs and expenses

Total costs and expenses increased by S\$5.1 million from S\$77.1 million in 1Q10 to S\$82.2 million in 1Q11, largely from higher cost of properties sold, partially offset by lower operating expenses.

Cost of properties sold increased by \$\$6.4 million from \$\$6.1 million in 1Q10 to \$\$12.5 million in 1Q11 mainly due to divestment of a development site as mentioned above, partially offset by lower cost due to lower revenue recognition of property units.

Other operating expenses decreased by S\$1.4 million from S\$16.1 million in 1Q10 to S\$14.7 million in 1Q11 mainly due to cessation of Dusit hotel operation following the sale in October 2010.

4. Profit before interest, taxes, depreciation and amortisation ("EBITDA")

EBITDA decreased by \$\$0.1 million from \$\$32.6 million in 1Q10 to \$\$32.5 million in 1Q11 mainly due to lower other income by \$\$3.0 million and lower EBITDA from Hotel Investments segment by \$\$4.7 million but cushioned by higher EBITDA from Property Sales segment by \$\$8.6 million, in line with the revenue movement as mentioned above.

5. <u>Depreciation</u>

Depreciation decreased by S\$1.8 million from S\$8.8 million in 1Q10 to S\$7.0 million in 1Q11 mainly due to disposal of Dusit in October 2010.

6. Finance costs

Finance costs decreased by S\$0.4 million from S\$4.7 million in 1Q10 to S\$4.3 million in 1Q11, mainly due to loan repayments and lower average borrowing rate, but partially offset by higher interest expense incurred on the new S\$70 million medium term notes issued in March 2011.

7. Profit after taxation ("PAT")

Profit after taxation increased by S\$2.1 million from S\$13.1 million in 1Q10 to S\$15.2 million in 1Q11 notwithstanding lower EBITDA, mainly due to lower depreciation as mentioned above.

8. Non-controlling interests

Non-controlling interests' share of profits decreased by \$\$0.5 million from \$\$5.7 million in 1Q10 to \$\$5.2 million in 1Q11 mainly due to lower profit in Laguna Resorts & Hotel Public Company Ltd ("LRH"), partially cushioned by higher profit from a subsidiary in China, Lijiang Banyan Tree Hotel Co., Ltd, following the divestment of a development site to China Fund.

9. Profit attributable to equity holders of the Company ("PATMI")

As a result of the foregoing, profit attributable to equity holders of the Company increased by \$\$2.6 million from \$\$7.4 million in 1Q10 to \$\$10.0 million in 1Q11.

Explanatory notes on Balance Sheet

Due to the change in the Group's accounting policy to be in line with the new INT FRS 115 – Agreements for the Construction of Real Estate as disclosed in Note 5 of Page 14, a retrospective application is required under FRS 8 Accounting Policies, Changes in Accounting Estimates and Errors, and hence Balance Sheets as at 31 December 2010 and 1 January 2010 have been restated as if the new accounting policy had always been applied.

The variance analysis below is compared between 31 March 2011 and the restated balance sheet as at 31 December 2010.

1. Property, plant and equipment

Property, plant and equipment decreased by \$\$23.7 million from \$\$811.1 million as at 31 December 2010 to \$\$787.4 million as at 31 March 2011. This was mainly due to depreciation charge of \$\$7.0 million during the period and reduction in opening balance of \$\$17.4 million due to translation adjustment, partially offset by capital expenditure of \$\$1.9 million expended on on-going purchases of furniture, fittings and equipment by our resorts for their operations.

Land use rights

Land use rights decreased by \$\$9.5 million from \$\$23.5 million as at 31 December 2010 to \$\$14.0 million as at 31 March 2011 mainly due to divestment of a development site to China Fund in March 2011.

Trade receivables

Trade receivables increased by S\$24.4 million from S\$57.0 million as at 31 December 2010 to S\$81.4 million as at 31 March 2011 mainly due to outstanding receivables from China Fund on the divestment of development site as mentioned above and on fund management fees.

4. Trade payables

Trade payables decreased by S\$7.3 million from S\$22.2 million as at 31 December 2010 to S\$14.9 million as at 31 March 2011 mainly due to lower cost of operation following the sale of Dusit in October 2010 and lower construction payables on property sales project in Laguna Phuket.

5. Current and non-current interest-bearing loans and borrowings

Current and non-current interest-bearing loans and borrowings decreased by \$\$20.4 million from \$\$227.4 million to \$\$207.0 million due to scheduled loan repayments offset by draw down of additional loans.

6. Notes payable (current and non-current)

Current and non-current Notes payable increased by \$\$68.3 million from \$\$126.0 million as at 31 December 2010 to \$\$194.3 million as at 31 March 2011, mainly due to proceeds of \$\$70 million from new notes issuance in March 2011 under the \$\$400 million Medium Term Notes programme.

7. <u>Deferred Income</u>

Deferred income decreased by \$\$7.0 million from \$\$14.5 million as at 31 December 2010 to \$\$7.5 million as at 31 March 2011, mainly due to the realization of deferred income upon divestment of a development site to China Fund.

8. On-going Litigation

On 3 July 2008, Avenue Asia Capital Partners, L.P., one of 6 plaintiffs, filed a lawsuit against LRH, a listed subsidiary of the Company, as one of 6 defendants at the Southern Bangkok Civil Court. The plaintiffs claimed that they are the creditors of a shareholder of LRH. The plaintiffs alleged that in arranging the Extraordinary General Meeting No. 1/2007 and approving its proposed capital increase where some shareholders did not subscribe for newly issued shares, LRH acted jointly with certain shareholders to commit a tort against the plaintiffs. Thus, the plaintiffs claimed damages of \$\$22.6 million (Baht 539,052,407) with interest of 7.5% per annum and the costs of legal proceedings.

There is no change to the case and it is currently pending at the Court of First Instance. LRH maintains that it did not commit a tort against the plaintiffs and has not made a provision in its accounts. LRH is vigorously defending this lawsuit.

Explanatory notes on Consolidated Cash Flow

The Group's cash and cash equivalents increased by S\$112.6 million or 162% from S\$69.4 million as at 31 March 2010 to S\$182.0 million as at 31 March 2011. The increase in cash flow was largely due to net proceeds received from sale of Dusit in October 2010 and new notes issuance in March 2011.

During the 3-month ended 31 March 2011, net cash flow used in operating activities was \$\$3.9 million, mainly due to profit before tax of \$\$21.4 million, adjusted for non-cash items of \$\$9.0 million which comprised mainly the depreciation and amortization of island rental of \$\$7.8 million and finance expenses of \$\$4.3 million, but offset by a net decrease in cash generated from working capital of \$\$27.4 million mainly due to outstanding receivables arising from the divestment of a development site to China Fund, and net interest and income tax payments of \$\$6.9 million.

The net cash flows used in investing activities was S\$2.2 million, due largely to on-going purchases of furniture, fittings and equipment by our resorts for their operations and progressive equity investments in China Fund.

The net cash flows from financing activities amounted to S\$51.8 million. This was mainly due to proceeds of S\$70.0 million from notes issuance in March 2011 under the S\$400 Medium Term Notes programme, partially offset by scheduled bank repayments of S\$17.7 million.

4 Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

Except as disclosed in Note 5 below, the Group has applied the same accounting policies and method of computation in the financial statements for the current financial period compared with those of the audited financial statements as at 31 December 2010.

If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, the effect of, the change.

The Group has applied the same accounting policies and methods of computation in the financial statements for the current reporting period compared with those of the audited financial statements for the year ended 31 December 2010, except for the adoption of accounting standards (including its consequential amendments) and interpretations applicable for the financial period beginning 1 January 2011. The adoption of the standards and interpretations does not have material impact to the financial statements in the period of initial application except for the following adoption which is relevant to the Group:

INT FRS 115 Agreements for the Construction of Real Estate

On 26 August 2010, the Accounting Standards Council issued INT FRS 115 with an accompanying note that clarifies when revenue and related expenses from sale of real estate should be recognized if an agreement between a developer and a buyer is reached before the real estate is completed. INT FRS 115 determines that contracts which do not classify as construction contracts in accordance with FRS 11 Construction Contracts can only be accounted for using the percentage of completion method if the entity continuously transfers to the buyer control and the significant risks and rewards of ownership of work in progress in its current state as construction progresses. The Group has considered the application of INT FRS 115 and concluded that certain 'pre-completion' sale contracts were not, in substance, construction contracts, and the legal terms are such that the construction does not represent the continuous transfer of work in progress to the purchaser. As such, the Group changed its revenue recognition method from "percentage of completion" method as construction progresses to "completion" method whereby revenue is to be recognised when significant risk and rewards are transferred to the buyer, with effect from FY2011.

The effect of the adoption of completion method under INT FRS 115 Agreements for the Construction of Real Estate has been retrospectively applied to the financial statements. Accordingly, the comparatives have been restated.

Impact on the financial statements arising from the adoption of INT FRS 115, subject to year-end audit, is detailed as follows:

C) BUSINESS SEGMENTS REVIEW

i) Hotel Investments segment

Hotel Investments segment achieved revenue of \$\$59.8 million in 1Q11, a decrease of 14% or \$\$9.6 million compared to \$\$69.4 million in 1Q10. Lower revenue was mainly from Thailand (\$\$9.3 million) and Maldives (\$\$0.4 million).

Lower revenue from Thailand was mainly due to cessation of hotel revenue from Dusit following the completion of its sale in October 2010. Excluding Dusit, performance of our other Thailand properties was in line with the same period last year. Overall occupancy improved by 4% points to 73%, but was offset by lower ARR by 6% to S\$322.

On the other hand, lower revenue from Maldives was attributable to weaker US\$ against S\$ compared to 1Q10 which resulted in lower S\$ revenue being recorded in 1Q11 when the US\$ revenue were translated to S\$. In US\$ terms, revenue were higher by US\$0.8 million. Overall occupancy remained stable at 83% while ARR increased by 7% to US\$443 in 1Q11.

EBITDA was lower by S\$4.7 million from S\$25.7 million in 1Q10 to S\$21.0 million in 1Q11, mainly due to lower revenue.

ii) Property Sales segment

Property Sales segment revenue increased by S\$14.0 million or 81% from S\$17.3 million in 1Q10 to S\$31.3 million in 1Q11 largely due to divestment of a development site to China Fund. The higher revenue was partially offset by only 1 unit each of Laguna Village bungalow and Banyan Tree Phuket Double Pool villa being recognized in the current quarter, as opposed to revenue recognition for several units of Laguna Village townhomes/bungalow, Banyan Tree Phuket 2 bed Pool villa and Banyan Tree Bangkok suite in 1Q10.

There were 2 new units sold with deposits received in 1Q11 compared to deposits for 9 units in 1Q10, a decrease of 78% and 59% in units and value terms respectively.

EBITDA increased by S\$8.6 million from S\$6.7 million in 1Q10 to S\$15.3 million in 1Q11 mainly due to higher revenue as explained above.

iii) Fee- based segment

Fee-based segment revenue increased by S\$3.6 million or 19% from S\$19.6 million in 1Q10 to S\$23.2 million in 1Q11 largely due to higher fund management fees, higher hotel management fees and higher revenue from spa / gallery operations.

Higher fund management fees were mainly due to the final close of China Fund in January 2011 with a total fund size of S\$210 million. Higher hotel management fees and higher revenue from Spa and Gallery operations were due to contributions from new resorts in Banyan Tree Cabo Marques (opened in April 2010), Banyan Tree Club and Spa Seoul (opened in June 2010), and Banyan Tree Samui (opened in July 2010), coupled with spa/gallery products sales to upcoming new outlets at Marina Bay Sands and Banyan Tree Macau.

EBITDA increased by S\$0.1 million from S\$2.2 million in 1Q10 to S\$2.3 million in 1Q11, mainly due to higher revenue, but partially offset by higher operating expenses such as sales and marketing expenses, legal and professional fees, and exchange loss.

If management fees of those resorts which the Group has a majority interest were not eliminated on consolidation, a sum of S\$4.4 million and S\$4.8 million in 1Q11 and 1Q10 would be added to EBITDA respectively. EBITDA would have been S\$6.7 million in 1Q11 as compared to S\$7.0 million in 1Q10.

iv) Head Office

Head office expenses increased by \$\$1.0 million or 20% from \$\$5.4 million in 1Q10 to \$\$6.4 million in 1Q11 mainly attributable to higher repair and maintenance cost and higher legal and professional fees.

10 A commentary at the date of announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

With the Thai political situation continuing to be uncertain pending its upcoming election and coupled with global events such as the weak European economy where a significant portion of our guest markets were from, turmoil in the Middle East and the triple disaster – earthquake, tsunami and nuclear crisis – in Japan, we expect Q2 and Q3 being low seasons of the year to remain challenging.

For our hotel operations, we experienced some slow down in the pick-up of rooms bookings in Thailand. Currently, the hotel's on-the-book ("OTB") rooms revenue (i.e., forward booking reservation) for hotels in Thailand on same store basis for 2Q11 is 11% below the same period last year. However, for hotels outside Thailand, OTB is 27% above and overall OTB is ahead by 15%.

Our property sales in Thailand are expected to remain slow given the negative sentiments towards the country as a result of the current political situation.

Sale of assets in Thailand

As part of the Group's on-going strategy to reduce the concentration of profit contribution from one country, we have signed an agreement to dispose of LRH's share of Laguna Beach Resort in Laguna Phuket for a consideration of \$\$31.3 million (Baht 723.6 million) ("Sale") as announced in February 2011. The Sale was completed on 10 May 2011 and we expect to record a profit before tax of approximately \$\$18 million from this Sale.

New Openings and New Management Contracts

We expect to open the following 4 new resorts in the next 12 months:

- i. Banyan Tree Macau, China
- ii. Banyan Tree Riverside, Shanghai, China
- iii. Angsana Hangzhou, China
- iv. Angsana Balaclava, Mauritius

Also, in the next 12 months, we expect to launch an estimated 11 spas under management.

We have also signed the following new hotel management contracts in the recent months:

- Banyan Tree Dali, Yunnan, China, located next to the scenic Erhai Lake and overlooking Cangshan Mountain in Dali, China.
- ii. Angsana Hot Spring Tengchong, Yunnan, China, within the Tengchong Yumagu Hot Spring International Tourist Resort.

Singapore, 11 May 2011 – Mainboard-listed Banyan Tree Holdings Limited ("Banyan Tree" or the "Group"), a leading manager and developer of premium resorts, hotels, spas and galleries, announced today its first quarter results which shows PATMI increased by 36% to S\$10.0 million mainly due to gain on divestment of a development site.

Mr Ho KwonPing, Executive Chairman of Banyan Tree said, "We are pleased to announce the recent divestment of a development site in Lijiang, China which boosted our performance in the 1st quarter. In addition, we have also completed the sale of Laguna Beach Resort in Laguna Phuket as announced on 10 May 2011. We expect to recognise PBT of approximately S\$18.0 million from this sale in 2Q11. All these are part of our ongoing strategy of rebalancing our asset portfolio and re-deployment of capital to create greater value for the Group."

The Group's overall cash and cash equivalents increased by 162% from S\$69.4 million in 1Q10 to S\$182.0 million in 1Q11. The increase in cash flow was largely due to net proceeds received from sale of Dusit in October 2010 and new notes issuance in March 2011.

The Group's total operating expenses for 1Q11 increased by S\$5.1 million, largely from higher cost of properties sold in line with higher revenue, but partially offset by lower operating expenses due to the cessation of Dusit hotel operation following the sale in October 2010.

BUSINESS SEGMENTS REVIEW

The Group registered revenue of S\$114.3 million in 1Q11, an increase of S\$8.0 million (8%) compared to the same period last year. This was mainly attributable to higher revenue from Property Sales and Feebased segments, but cushioned by lower revenue from Hotel Investments segment. Notwithstanding a higher revenue, EBITDA of S\$32.5 million in 1Q11 was in line with the same period last year, largely due to one-off other income in 1Q10 pertaining to insurance proceeds from the Tsunami claim.

Hotel Investments

Hotel Investments segment achieved revenue of \$\$59.8 million in 1Q11, a decrease of 14% or \$\$9.6 million compared to \$\$69.4 million in 1Q10. Lower revenue was mainly from Thailand (\$\$9.3 million) and Maldives (\$\$0.4 million).

Lower revenue from Thailand was mainly due to cessation of hotel revenue from Dusit following the completion of its sale in October 2010. Excluding Dusit, performance of our other Thailand properties was in line with the same period last year. Overall occupancy improved by 4% points to 73%, but was offset by lower ARR by 6% to S\$322.

On the other hand, lower revenue from Maldives was attributable to weaker US\$ against S\$ compared to 1Q10 which resulted in lower S\$ revenue being recorded in 1Q11 when the US\$ revenue were translated to S\$. In US\$ terms, revenue were higher by US\$0.8 million. Overall occupancy remained stable at 83% while ARR increased by 7% to US\$443 in 1Q11.

EBITDA was lower by S\$4.7 million from S\$25.7 million in 1Q10 to S\$21.0 million in 1Q11, mainly due to lower revenue.

Property Sales segment

Property Sales segment revenue increased by \$\$14.0 million or 81% from \$\$17.3 million in 1Q10 to \$\$31.3 million in 1Q11 largely due to divestment of a development site to China Fund. The higher revenue was partially offset by only 1 unit each of Laguna Village bungalow and Banyan Tree Phuket Double Pool villa being recognized in the current quarter, as opposed to revenue recognition for several units of Laguna Village townhomes/bungalow, Banyan Tree Phuket 2 bed Pool villa and Banyan Tree Bangkok suite in 1Q10.

There were 2 new units sold with deposits received in 1Q11 compared to deposits for 9 units in 1Q10, a decrease of 78% and 59% in units and value terms respectively.

EBITDA increased by S\$8.6 million from S\$6.7 million in 1Q10 to S\$15.3 million in 1Q11 mainly due to higher revenue as explained above.

Fee-based segment

Fee-based segment revenue increased by \$\$3.6 million or 19% from \$\$19.6 million in 1Q10 to \$\$23.2 million in 1Q11 largely due to higher fund management fees, higher hotel management fees and higher revenue from spa / gallery operations.

Higher fund management fees were mainly due to the final close of China Fund in January 2011 with a total fund size of S\$210 million. Higher hotel management fees and higher revenue from Spa and Gallery operations were due to contributions from new resorts in Banyan Tree Cabo Marques (opened in April 2010), Banyan Tree Club and Spa Seoul (opened in June 2010), and Banyan Tree Samui (opened in July 2010), coupled with spa/gallery products sales to upcoming new outlets at Marina Bay Sands and Banyan Tree Macau.

EBITDA increased by S\$0.1 million from S\$2.2 million in 1Q10 to S\$2.3 million in 1Q11, mainly due to higher revenue, but partially offset by higher operating expenses such as sales and marketing expenses, legal and professional fees, and exchange loss.

OUTLOOK

With the Thai political situation continuing to be uncertain pending its upcoming election and coupled with global events such as the weak European economy where a significant portion of our guest markets were from, turmoil in the Middle East and the triple disaster – earthquake, tsunami and nuclear crisis – in Japan, we expect Q2 and Q3 being low seasons of the year to remain challenging.

For our hotel operations, we experienced some slow down in the pick-up of rooms bookings in Thailand. Currently, the hotel's on-the-book ("OTB") rooms revenue (i.e., forward booking reservation) for hotels in Thailand on same store basis for 2Q11 is 11% below the same period last year. However, for hotels outside Thailand, OTB is 27% above and overall OTB is ahead by 15%.

Our property sales in Thailand are expected to remain slow given the negative sentiments towards the country as a result of the current political situation.

Sale of assets in Thailand

As part of the Group's on-going strategy to reduce the concentration of profit contribution from one country, we have signed an agreement to dispose of LRH's share of Laguna Beach Resort in Laguna Phuket for a consideration of S\$31.3 million (Baht 723.6 million) ("Sale") as announced in February 2011. The Sale was completed on 10 May 2011 and we expect to record a profit before tax of approximately S\$18 million from this Sale.
