BANYAN TREE HOLDINGS LIMITED

Unaudited results for the Fourth Quarter and Full Year ended 31 December 2011

#### 1(a)(iv) Explanatory notes on performance for 4Q 2011

Due to the change in the Group's accounting policy to be in line with the new INT FRS 115 – Agreements for the Construction of Real Estate as disclosed in Note 5 of Page 16, a retrospective application is required under FRS 8 Accounting Policies, Changes in Accounting Estimates and Errors, and hence the Income Statement for the Group for 4Q10 and FY10 has been restated as if the new accounting policy had always been applied.

The variance analysis below is a comparison of the income statement for 4Q11 and the restated income statement for 4Q10. The original income statements for 4Q10 and FY10 (before restatement) are also presented for information only.

##### 1. Revenue

Revenue increased by S\$0.8 million from S\$84.6 million in 4Q10 to S\$85.4 million in 4Q11. This was due to higher revenue from Fee-based and Property Sales segments by S\$7.0 million and S\$3.9 million respectively, but partially offset by lower revenue from Hotel Investments segment by S\$10.1 million.

Higher revenue from Fee-based segment was mainly due to higher hotel management fees from new resorts such as Banyan Tree Macau (opened in May 2011) and Angsana Fuxian Lake (opened in October 2010), as well as higher architectural and design fees earned for new projects in this quarter.

Higher revenue from Property Sales segment was mainly due to the divestment of a development site in Huangshan to Banyan Tree China Hospitality Fund (I) ("China fund") but partially offset by lower revenue recognition from property sales as units recognized in the current quarter comprised mainly entry-level products as compared to higher-value products in 4Q10.

Lower revenue from Hotel Investments segment was mainly attributable to properties in Thailand, but partially offset by higher revenue from China and Maldives. Revenue from Thailand was lower due to the closure of Angsana Laguna Phuket (formerly Sheraton Grande) since July 2011 for major renovation and was only soft-opened in December 2011. There was also nil revenue from Laguna Beach Resort ("LBR") following its disposal in May 2011 as part of the Group's asset rebalancing strategy. In addition, performance of Banyan Tree Phuket was impacted by a drop in demand from the European market and room cancellations associated with the flooding in Bangkok in October 2011 and November 2011. Many countries have issued travel advisory against Thailand as a result of the flood. Notwithstanding the flood crisis, our hotel in Bangkok registered similar revenue as last year owing to successful tactical campaigns which were launched aggressively after the flood. Revenue from our China resorts was however higher mainly contributed by strong MICE (meetings, incentives, conferences and exhibitions) business. Similarly, revenue from Maldives was higher mainly due to well-received promotional activities at Angsana Velavaru.

##### 2. Other income

Other income decreased by S\$70.2 million from S\$71.8 million in 4Q10 to S\$1.6 million in 4Q11 as other income in 4Q10 included gain on sale of Dusit Laguna Phuket ("Dusit") of S\$67.4 million.

##### 3. Costs and expenses

Total costs and expenses decreased by S\$6.0 million from S\$86.5 million in 4Q10 to S\$80.5 million in 4Q11. Other than cost of properties sold which recorded an increase compared to last year and sales and marketing expenses which were in line with last year, all other categories of expenses were lower than last year.

Cost of properties sold increased by S\$7.9 million from S\$4.1 million in 4Q10 to S\$12.0 million in 4Q11 mainly due to cost of development site in Huangshan divested to China Fund.

Cost of operating supplies decreased by S\$1.2 million from S\$7.3 million in 4Q10 to S\$6.1 million in 4Q11 and other operating expenses decreased by S\$1.1 million from S\$16.8 million in 4Q10 to S\$15.7 million in 4Q11, in line with lower revenue from Hotel Investments segment.

Salaries and related expenses decreased by S\$9.2 million from S\$36.3 million in 4Q10 to S\$27.1 million in 4Q11 mainly due to sale of LBR, lower provision for employee benefits and mandated founder's grant.

Administrative expenses decreased by S\$2.2 million from S\$15.9 million in 4Q10 to S\$13.7 million in 4Q11 mainly due to sale of LBR, lower legal and professional fees, partially offset by higher allowance of doubtful debts.

BANYAN TREE HOLDINGS LIMITED

Unaudited results for the Fourth Quarter and Full Year ended 31 December 2011

4. Profit before interests, taxes, depreciation and amortisation ("EBITDA")

EBITDA decreased by S\$63.4 million from S\$69.9 million in 4Q10 to S\$6.5 million in 4Q11 mainly due to gain on sale of Dusit in 4Q10. If the gain on sale of Dusit in 4Q10 was excluded, EBITDA would be S\$4.0 million above the same period last year. This was mainly due to higher EBITDA from Fee-based segment and lower head-office expenses, but was partially offset by lower EBITDA from Hotel Investments segment due to lower revenue, and lower EBITDA from Property Sales segment due to lower revenue recognition from property sales units and development site sold at cost.

5. Depreciation

Depreciation decreased by S\$2.4 million from S\$8.1 million in 4Q10 to S\$5.7 million in 4Q11 mainly due to disposal of LBR.

6. Finance costs

Finance costs increased by S\$2.3 million from S\$4.7 million in 4Q10 to S\$7.0 million in 4Q11, mainly due to higher interest expense incurred on additional drawdown of bank loans and S\$70-million medium term notes issued in March 2011.

7. Income tax

Income tax credit was S\$7.5 million in 4Q11 as compared to income tax expenses of S\$21.1 million in 4Q10 mainly due to adjustment of deferred tax liabilities made in prior years as a result of reduction in corporate tax rate in Thailand with effect from 2012.

8. Profit after taxation ("PAT")

Profit after taxation decreased by S\$34.5 million from S\$36.1 million in 4Q10 to S\$1.6 million in 4Q11 due largely to gain on sale of Dusit in 4Q10, but partially offset by lower depreciation and income tax credit as mentioned above.

9. Non-controlling interests

Non-controlling interests' share of profit decreased by S\$15.7 million from S\$15.9 million in 4Q10 to S\$0.2 million in 4Q11 due to lower share of profits in Laguna Resorts & Hotels Public Company Limited ("LRH") as 4Q10 included gain on sale of Dusit.

10. Profit attributable to equity holders of the Company

As a result of the foregoing, profit attributable to equity holders of the Company was S\$1.4 million in 4Q11 as compared to profit of S\$20.2 million in 4Q10.

### **Explanatory notes on Balance Sheet**

Due to the change in the Group's accounting policy to be in line with the new INT FRS 115 – Agreements for the Construction of Real Estate as disclosed in Note 5 of Page 16, a retrospective application is required under FRS 8 Accounting Policies, Changes in Accounting Estimates and Errors, and hence Balance Sheets as at 31 December 2010 and 1 January 2010 have been restated as if the new accounting policy had always been applied.

The variance analysis below is a comparison between the balance sheet as at 31 December 2011 and the restated balance sheet as at 31 December 2010.

1. Property, plant and equipment

Property, plant and equipment decreased by S\$70.3 million from S\$811.1 million as at 31 December 2010 to S\$740.8 million as at 31 December 2011. This was mainly due to reduction in opening balance of S\$41.8 million on translation adjustment, the disposal of LBR assets of S\$40.6 million, depreciation charge of S\$25.5 million during the year, partially offset by capital expenditure of S\$27.4 million expended on renovation of Angsana Laguna Phuket and other on-going purchases of furniture, fittings and equipment by our resorts for their operations, and upward revaluation on land and buildings.

2. Land use rights

Land use rights decreased by S\$9.0 million from S\$23.5 million as at 31 December 2010 to S\$14.5 million as at 31 December 2011 mainly due to divestment of a development site to China Fund in March 2011.

3. Prepaid island rental

Prepaid island rental increased by S\$24.6 million from S\$20.0 million as at 31 December 2010 to S\$44.6 million as at 31 December 2011 mainly due to prepayment for the acquisition/extension of island leases in Maldives.

4. Long-term investments

Long-term investments increased by S\$5.0 million from S\$36.2 million as at 31 December 2010 to S\$41.2 million as at 31 December 2011 mainly due to progressive equity investments in Banyan Tree Indochina Hospitality Fund.

5. Deferred tax assets

Deferred tax assets decreased by S\$8.1 million from S\$21.6 million as at 31 December 2010 to S\$13.5 million as at 31 December 2011 mainly due to the reduction in Thailand tax rate with effect from 2012. As such, lower deferred tax assets were recorded.

6. Trade receivables

Trade receivables increased by S\$15.0 million from S\$57.0 million as at 31 December 2010 to S\$72.0 million as at 31 December 2011 mainly from fee-based segment in line with higher revenue and sale of development site in Huangshan to China Fund.

7. Other receivables

Other receivables decreased by S\$5.3 million from S\$21.4 million as at 31 December 2010 to S\$16.1 million as at 31 December 2011 mainly due to decrease in land deposits following the divestment of Yangshuo and Huangshan to China Fund.

8. Property development costs

Property development costs decreased by S\$12.5 million from S\$117.1 million as at 31 December 2010 to S\$104.6 million as at 31 December 2011 mainly due to transfer of cost to cost of sales upon revenue recognition for property sales.

9. Trade payables

Trade payables decreased by S\$7.0 million from S\$22.2 million as at 31 December 2010 to S\$15.2 million as at 31 December 2011 mainly due to lower cost of operation following the sale of Dusit and LBR in October 2010 and May 2011 respectively and lower construction payables on property sales project in Laguna Phuket.

10. Current and non-current interest-bearing loans and borrowings

Current and non-current interest-bearing loans and borrowings increased by S\$25.4 million from S\$227.4 million to S\$252.8 million due to draw down of additional loans offset by scheduled loan repayments.

11. Current and non-current notes payable

Current and non-current notes payable increased by S\$41.8 million from S\$126.0 million as at 31 December 2010 to S\$167.8 million as at 31 December 2011, mainly due to issuance of new notes of S\$70 million in March 2011 partially offset by repayment of S\$27.3 million of notes matured in August 2011 under the S\$400 million Medium Term Notes programme.

12. Tax payable

Tax payable decreased by S\$22.2 million from S\$31.3 million as at 31 December 2010 to S\$9.1 million as at 31 December 2011 due to payment of tax pertaining to sale of Dusit.

13. Deferred income

Deferred income decreased by S\$7.2 million from S\$14.5 million as at 31 December 2010 to S\$7.3 million as at 31 December 2011, mainly due to the realization of deferred income upon divestment of a development site in Lijiang to China Fund.

14. Deferred tax liabilities

Deferred tax liabilities decreased by S\$68.5 million from S\$171.7 million as at 31 December 2010 to S\$103.2 million as at 31 December 2011 mainly due to reduction in opening balance arising from translation adjustment, removal of deferred tax liabilities of LBR following its sale, and adjustment made on deferred tax liabilities to align with the reduction in corporate tax rate in Thailand with effect from 2012.

15. On-going Litigation

On 3 July 2008, Avenue Asia Capital Partners, L.P., one of 6 plaintiffs, filed a lawsuit against LRH, a listed subsidiary of the Company, as one of 6 defendants at the Southern Bangkok Civil Court. The plaintiffs claimed that they are the creditors of a shareholder of LRH. The plaintiffs alleged that in arranging the Extraordinary General Meeting No. 1/2007 and approving its proposed capital increase where some shareholders did not subscribe for newly issued shares, LRH acted jointly with certain shareholders to commit a tort against the plaintiffs. Thus, the plaintiffs claimed damages of S\$22.1 million (Baht 539,052,407) with interest of 7.5% per annum and the costs of legal proceedings.

On 22 December 2011, the plaintiffs filed a petition for withdrawal of this case which is currently pending consideration of the Court.

**Explanatory notes on Consolidated Cash Flow**

The Group's cash and cash equivalents increased by S\$0.9 million or 1% from S\$139.0 million as at 31 December 2010 to S\$139.9 million as at 31 December 2011.

For the full year ended 31 December 2011, net cash flow used in operating activities was S\$7.7 million, mainly due to profit before tax of S\$2.5 million, adjusted for non-cash items of S\$35.6 million which comprised mainly depreciation and amortization of island rental of S\$28.7 million and finance expenses of S\$22.3 million, and net increase in cash generated from working capital of S\$5.7 million. This was however offset by net interest paid of S\$18.2 million and income tax payments of S\$33.4 million. The income tax payment relates mainly to sale of Dusit.

The net cash flows used in investing activities was S\$31.7 million, due largely to renovation of Angsana Laguna Phuket and other on-going purchases of furniture, fittings and equipment by our resorts for their operations of S\$27.4 million, prepayment for the acquisition/extension of island leases in Maldives of S\$27.2 million, and progressive equity investment in Banyan Tree Indochina Hospitality Fund of S\$5.5 million, partly offset by the net proceeds from the sale of LBR of S\$26.7 million.

The net cash flows from financing activities amounted to S\$42.1 million. This was mainly due to loan drawdown of S\$96.7 million and proceeds of S\$70.0 million from notes issuance in March 2011 under the S\$400 million Medium Term Notes programme, but partially reduced by scheduled bank repayments of S\$65.7 million, notes repayment of S\$27.3 million upon maturity, payment of dividend to its shareholders of S\$3.8 million and payment of dividend by LRH to non-controlling shareholders of S\$27.8 million.

**5 If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, the effect of, the change.**

The Group has applied the same accounting policies and methods of computation in the financial statements for the current reporting period compared with those of the audited financial statements for the year ended 31 December 2010, except for the adoption of accounting standards (including its consequential amendments) and interpretations applicable for the financial period beginning 1 January 2011. The adoption of the standards and interpretations does not have material impact to the financial statements in the period of initial application except for the following adoption which is relevant to the Group:

**INT FRS 115 Agreements for the Construction of Real Estate**

On 26 August 2010, the Accounting Standards Council issued INT FRS 115 with an accompanying note that clarifies when revenue and related expenses from sale of real estate should be recognized if an agreement between a developer and buyer is reached before the real estate is completed. INT FRS 115 determines that contracts which do not classify as construction contracts in accordance with FRS 11 Construction Contracts can only be accounted for using the percentage of completion method if the entity continuously transfers to the buyer control and the significant risks and rewards of ownership of work in progress in its current state as construction progresses. The Group has considered the application of INT FRS 115 and concluded that certain 'pre-completion' sale contracts were not, in substance, construction contracts, and the legal terms are such that the construction does not represent the continuous transfer of work in progress to the purchaser. As such, the Group changed its revenue recognition method from "percentage of completion" method as construction progresses to "completion" method whereby revenue is to be recognised when significant risk and rewards are transferred to the buyer, with effect from FY2011.

The effect of the adoption of completion method under INT FRS 115 Agreements for the Construction of Real Estate has been retrospectively applied to the financial statements. Accordingly, the comparatives have been restated.

Impact on the financial statements arising from the adoption of INT FRS 115, subject to year-end audit, is detailed as follows:

## C) BUSINESS SEGMENTS REVIEW

### i) Hotel Investments segment

Hotel Investments segment achieved revenue of S\$39.9 million in 4Q11, a decrease of 20% or S\$10.1 million compared to S\$50.0 million in 4Q10. Lower revenue was mainly from Thailand (S\$13.4 million) but partially offset by Maldives (S\$2.4 million) and China (S\$0.5 million).

Revenue in Thailand was lower mainly due to the closure of Angsana Laguna Phuket (previously Sheraton Grande) for renovation since July 2011 and was only soft-opened in December 2011. Revenue from LBR also ceased following its sale in May 2011. In addition, Banyan Tree Phuket's performance was affected by reduced demand from the European market and room cancellations arising from the flood crisis in Bangkok. The heavy flooding in Bangkok in October and November 2011 had resulted in many tourists cancelled or delayed their trips to Thailand. Banyan Tree Bangkok was also adversely impacted by the flood, but nevertheless posted revenue in line with last year, due to aggressive tactical campaigns launched after the flood. Overall Revpar of our properties in Thailand decreased by 24% from S\$218 to S\$166. On the contrary, our resorts in Maldives recorded higher revenue in 4Q11 mainly contributed by Angsana Velavaru whose twinning promotional package of land villa and In-Ocean villa was well received especially from the China market. Overall Revpar of our resorts in Maldives increased by 22% from S\$339 to S\$415. Our resorts in China also recorded higher revenue mainly boosted by higher ARR and stronger MICE business. Overall Revpar of our resorts in China improved by 3% from S\$160 to S\$164.

For FY11, Hotel Investments segment revenue decreased by 14% or S\$25.6 million from S\$189.3 million in FY10 to S\$163.7 million in FY11. The decrease was mainly from Thailand but partially offset by better performances in Maldives and China. Apart from the reasons mentioned above, lower revenue from Thailand was due to the cessation of revenue from Dusit following its sale in October 2010. This was however cushioned by Banyan Tree Bangkok which posted higher revenue due to a more stabilized political situation although the hotel was partially affected by the flood crisis in October/November 2011.

EBITDA decreased by S\$2.6 million from S\$6.6 million in 4Q10 to S\$4.0 million in 4Q11 and against FY10, EBITDA decreased by S\$7.6 million from S\$29.3 million in FY10 to S\$21.7 million in FY11. This was mainly due to lower revenue coupled with the incurrence of fixed expenses in Angsana Laguna Phuket during the 5-month closure for renovation.

### ii) Property Sales segment

Property Sales segment revenue increased by S\$3.9 million or 32% from S\$12.5 million in 4Q10 to S\$16.4 million in 4Q11 mainly due to the divestment of a development site in Huangshan to China Fund but partially offset by lower revenue recognition from property sales. In 4Q11, revenue recognition was for 9 units of which 6 units relates to entry-level products such as Lofts and Laguna Village condominium while only 3 units relates to higher-value products such as Laguna Village townhomes/bungalow and Banyan Tree Phuket villa. In contrary, revenue for 4Q10 was for a total of 9 units comprising 2 units of entry-level products and 7 units of higher-value products.

There were 3 new units sold with deposits received in 4Q11 compared to deposits for 12 units in 4Q10, a decrease of 75% and 76% in units and value terms respectively.

For FY11, Property Sales segment revenue increased by S\$21.9 million from S\$44.4 million to S\$66.3 million, largely due to divestment of development sites in Lijiang, Yangshuo and Huangshan to China Fund. This was however partially offset by lower revenue recognition for property sales. There was a total of 21 units of Lofts, Laguna Village condominium/townhome/bungalows, Dusit villa, Banyan Tree Phuket villas, Banyan Tree Lijiang townhome/villas recognised in FY11, as opposed to a total of 28 units of Laguna Village condominium/townhomes/bungalows, Banyan Tree Phuket villas, Banyan Tree Bangkok suites, Banyan Tree Lijiang townhome/villas and Banyan Tree Bintan villa recognised in FY10.

There were 13 new units sold with deposits received in FY11 compared to deposits for 22 units in FY10, a decrease of 41% and 59% in units and value terms respectively.

EBITDA decreased by S\$1.0 million from S\$1.7 million in 4Q10 to S\$0.7 million in 4Q11 mainly due to lower revenue recognition from property sales and development site in Huangshan sold at cost to China Fund. Against FY10, EBITDA increased by S\$7.7 million from S\$11.5 million in FY10 to S\$19.2 million in FY11 mainly due to higher revenue as mentioned above.

**iii) Fee- based segment**

Fee-based segment revenue increased by S\$7.0 million or 31% from S\$22.1 million in 4Q10 to S\$29.1 million in 4Q11 mainly due to higher architectural and design fees for projects in China and higher hotel management fees from new resorts such as Banyan Tree Macau (opened in May 2011), Angsana Fuxian Lake (opened in October 2010).

Against FY10, Fee-based segment revenue increased by S\$11.9 million from S\$87.6 million to S\$99.5 million. Except for club management fees, all category of Fee-based revenue were higher than the same period last year.

Higher fund management fees were mainly due to the final close of China Fund in January 2011 with a total fund size of S\$210 million. Higher hotel management fees and higher revenue from spa/gallery operations were mainly attributable to revenue from new resorts such as Banyan Tree Cabo Marques (opened in April 2010), Banyan Tree Club and Spa Seoul (opened in June 2010), Banyan Tree Samui (opened in July 2010), Angsana Fuxian Lake (opened in October 2010) and Banyan Tree Macau (opened in May 2011), and sales of retail products to new outlets at Banyan Tree Spa Marina Bay Sands and Angsana Balaclava. Higher revenue from architectural and design fees were mainly for new projects in China. The increase in revenue was however partially offset by lower royalty fee from property sales and lower club management fee due to lower number of memberships sold under the Banyan Tree Private Collection.

EBITDA was S\$4.8 million in 4Q11 as compared to loss of S\$1.7 million in 4Q10 and against FY10, EBITDA increased by S\$8.4 million from S\$11.5 million in FY10 to S\$19.9 million in FY11. This was mainly due to higher revenue as mentioned above.

If management fees of those resorts which the Group has a majority interest but were not eliminated on consolidation, a sum of S\$4.1 million, S\$4.1 million, S\$14.2 million, S\$13.6 million in 4Q10, 4Q11, FY10 and FY11 would be added to EBITDA respectively. EBITDA would have been S\$8.9 million in 4Q11 as compared to S\$2.4 million in 4Q10, and S\$33.5 million in FY11 as compared to S\$25.7 million in FY10.

**iv) Head Office**

Head office expenses decreased by S\$3.9 million or 46% from S\$8.5 million in 4Q10 to S\$4.6 million in 4Q11. This was mainly due to lower provision for mandated founder's grant and lower exchange loss. Against FY10, head office expenses decreased by S\$0.7 million from S\$19.7 million in FY10 to S\$19.0 million in FY11 mainly due to lower provision for mandated founder's grant but partially offset by higher exchange loss.

**v) Other Income**

Other income decreased by S\$70.2 million from S\$71.8 million in 4Q10 to S\$1.6 million in 4Q11 due to gain on sale of Dusit in 4Q10. Against FY10, Other income decreased by S\$69.4 million from S\$77.0 million in FY10 to S\$7.6 million in FY11 due to gain on sale of Dusit in 4Q10 but partially offset by gain on sale of LBR in 2Q11.

**v) PATMI**

PATMI decreased by S\$18.8 million from S\$20.2 million in 4Q10 to S\$1.4 million in 4Q11 and against FY10, PATMI decreased by S\$17.9 million from S\$19.5 million in FY10 to S\$1.6 million in FY11, largely due to the gain on sale of Dusit in 4Q10 partially offset by gain on sale of LBR in 2Q11.

If gain on sale of Dusit and LBR were excluded, PATMI would be S\$12.8 million higher than 4Q10 and S\$12.3 million higher than FY10. Against 4Q10, higher PATMI was mainly due to higher EBITDA from Fee-based segment, lower head office expenses, lower depreciation and income tax credit. Against FY10, higher PATMI was due to higher EBITDA from Fee-based and Property Sales segment in line with higher revenue, but partially offset by lower EBITDA from Hotel Investment segment. Apart from higher EBITDA, PATMI in FY11 was also boosted by income tax credit and lower depreciation following sale of Dusit and LBR, but partially offset by absence of gain on disposal of land in Seychelles by a joint venture company recorded in FY10 and higher finance costs.

**10 A commentary at the date of announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.**

As indicated in last quarter's outlook, the results achieved in 4Q11 was lower than last year as 4Q10 has the benefit of profit from the sale of Dusit Laguna Phuket when we commenced our asset rebalancing strategy. In 2Q11, we sold Laguna Beach Resort.

With the continuing EU debt crisis and a weak US economic recovery, 2012 will be a challenging year. For our property sales in Thailand, sales of secondary holiday homes are expected to remain slow due to the current negative sentiments towards the country and a weak global economy.

However, the hotel forward bookings for 1Q12 for owned hotels in Thailand on same store basis are in line with last year and overall the Group is ahead by 9%.

We will continue with our stated strategy of growing the fee-based revenue, asset rebalancing while exploring business opportunities to broaden our earnings base.

Singapore, 24 February 2012 – Mainboard-listed Banyan Tree Holdings Limited (“Banyan Tree” or the “Group”), a leading manager and developer of premium resorts, hotels, spas and galleries, announced today its fourth quarter results.

Mr Ho KwonPing, Executive Chairman of Banyan Tree said, “In the same period last year, we recorded a gain of S\$67.4 million from the sale of Dusit. In 2<sup>nd</sup> quarter of 2011, we recorded a gain of S\$1.8 million from the sale of LBR. This is in line with our continuing asset rebalancing strategy. If we were to exclude these gains, our FY11 Operating Profit would have recorded a 13% increase, from S\$42.2 million to S\$47.6 million boosted largely by the continuing strong contribution from our Fee-based segment. Going forward, the Europe’s sovereign woes and a struggling US economy will continue to affect the travel industry. Therefore, we expect a challenging year ahead. We will continue our strategy of growing the fee-based revenue, asset rebalancing while exploring business opportunities to broaden our earning base.”

The Group’s overall cash and cash equivalent for the year was almost in line with last year at S\$139.9 million.

The Group’s total operating expenses for 4Q11 decreased by S\$6.0 million. Other than cost of properties sold which recorded an increase compared to last year and sales and marketing expenses which were in line with last year, all other categories of expenses were lower than last year. Higher cost of properties sold was mainly due to cost of development site in Huangshan divested to Banyan Tree China Hospitality Fund (I) (“China Fund”).

## **BUSINESS SEGMENTS REVIEW**

The Group registered revenue of S\$85.4 million in 4Q11, an increase of S\$0.8 million (1%) compared to the same period last year. This was mainly attributable to higher revenue from Fee-based and Property Sales segments, but partially offset by lower revenue from Hotel Investments segment. Operating Profit of S\$6.5 million in 4Q11 decreased by S\$63.4 million compared to 4Q10, mainly due to gain on sale of Dusit in 4Q10.

### Hotel Investments

Hotel Investments segment achieved revenue of S\$39.9 million in 4Q11, a decrease of 20% or S\$10.1 million compared to S\$50.0 million in 4Q10. Lower revenue was mainly from Thailand (S\$13.4 million) but partially offset by Maldives (S\$2.4 million) and China (S\$0.5 million).

Revenue in Thailand was lower mainly due to the closure of Angsana Laguna Phuket (previously Sheraton Grande) for renovation since July 2011 and was only soft-opened in December 2011. Revenue from LBR also ceased following its sale in May 2011. In addition, Banyan Tree Phuket's performance was affected by reduced demand from the European market and room cancellations arising from the flood crisis in Bangkok. The heavy flooding in Bangkok in October and November 2011 had resulted in many tourists cancelled or delayed their trips to Thailand. Banyan Tree Bangkok was also adversely impacted by the flood, but nevertheless posted revenue in line with last year, due to aggressive tactical campaigns launched after the flood. Overall Revpar of our properties in Thailand decreased by 24% from S\$218 to S\$166. On the contrary, our resorts in Maldives recorded higher revenue in 4Q11 mainly contributed by Angsana Velavaru whose twinning promotional package of land villa and In-Ocean villa was well received especially from the China market. Overall Revpar of our resorts in Maldives increased by 22% from S\$339 to S\$415. Our resorts in China also recorded higher revenue mainly boosted by higher ARR and stronger MICE business. Overall Revpar of our resorts in China improved by 3% from S\$160 to S\$164.

For FY11, Hotel Investments segment revenue decreased by 14% or S\$25.6 million from S\$189.3 million in FY10 to S\$163.7 million in FY11. The decrease was mainly from Thailand but partially offset by better performances in Maldives and China. Apart from the reasons mentioned above, lower revenue from Thailand was due to the cessation of revenue from Dusit following its sale in October 2010. This was however cushioned by Banyan Tree Bangkok which posted higher revenue due to a more stabilized political situation although the hotel was partially affected by the flood crisis in October/November 2011.

EBITDA decreased by S\$2.6 million from S\$6.6 million in 4Q10 to S\$4.0 million in 4Q11 and against FY10, EBITDA decreased by S\$7.6 million from S\$29.3 million in FY10 to S\$21.7 million in FY11. This was mainly due to lower revenue coupled with the incurrence of fixed expenses in Angsana Laguna Phuket during the 5-month closure for renovation.

### Property Sales segment

Property Sales segment revenue increased by S\$3.9 million or 32% from S\$12.5 million in 4Q10 to S\$16.4 million in 4Q11 mainly due to the divestment of a development site in Huangshan to China Fund but partially offset by lower revenue recognition from property sales. In 4Q11, revenue recognition was for 9 units of which 6 units relates to entry-level products such as Lofts and Laguna Village condominium while only 3 units relates to higher-value products such as Laguna Village townhomes/bungalow and Banyan Tree Phuket villa. In contrary, revenue for 4Q10 was for a total of 9 units comprising 2 units of entry-level products and 7 units of higher-value products.

There were 3 new units sold with deposits received in 4Q11 compared to deposits for 12 units in 4Q10, a decrease of 75% and 76% in units and value terms respectively.

For FY11, Property Sales segment revenue increased by S\$21.9 million from S\$44.4 million to S\$66.3 million, largely due to divestment of development sites in Lijiang, Yangshuo and Huangshan to China Fund. This was however partially offset by lower revenue recognition for property sales. There was a total of 21 units of Lofts, Laguna Village condominium/townhome/bungalows, Dusit villa, Banyan Tree Phuket villas, Banyan Tree Lijiang townhome/villas recognised in FY11, as opposed to a total of 28 units of Laguna Village condominium/townhomes/bungalows, Banyan Tree Phuket villas, Banyan Tree Bangkok suites, Banyan Tree Lijiang townhome/villas and Banyan Tree Bintan villa recognised in FY10.

There were 13 new units sold with deposits received in FY11 compared to deposits for 22 units in FY10, a decrease of 41% and 59% in units and value terms respectively.

EBITDA decreased by S\$1.0 million from S\$1.7 million in 4Q10 to S\$0.7 million in 4Q11 mainly due to lower revenue recognition from property sales and development site in Huangshan sold at cost to China Fund. Against FY10, EBITDA increased by S\$7.7 million from S\$11.5 million in FY10 to S\$19.2 million in FY11 mainly due to higher revenue as mentioned above.

### Fee-based segment

Fee-based segment revenue increased by S\$7.0 million or 31% from S\$22.1 million in 4Q10 to S\$29.1 million in 4Q11 mainly due to higher architectural and design fees for projects in China and higher hotel management fees from new resorts such as Banyan Tree Macau (opened in May 2011), Angsana Fuxian Lake (opened in October 2010).

Against FY10, Fee-based segment revenue increased by S\$11.9 million from S\$87.6 million to S\$99.5 million. Except for club management fees, all category of Fee-based revenue were higher than the same period last year.

Higher fund management fees were mainly due to the final close of China Fund in January 2011 with a total fund size of S\$210 million. Higher hotel management fees and higher revenue from spa/gallery operations were mainly attributable to revenue from new resorts such as Banyan Tree Cabo Marques (opened in April 2010), Banyan Tree Club and Spa Seoul (opened in June 2010), Banyan Tree Samui (opened in July 2010), Angsana Fuxian Lake (opened in October 2010) and Banyan Tree Macau (opened in May 2011), and sales of retail products to new outlets at Banyan Tree Spa Marina Bay Sands and Angsana Balaclava. Higher revenue from architectural and design fees were mainly for new projects in China. The increase in revenue was however partially offset by lower royalty fee from property sales and lower club management fee due to lower number of memberships sold under the Banyan Tree Private Collection.

EBITDA was S\$4.8 million in 4Q11 as compared to loss of S\$1.7 million in 4Q10 and against FY10, EBITDA increased by S\$8.4 million from S\$11.5 million in FY10 to S\$19.9 million in FY11. This was mainly due to higher revenue as mentioned above.

## OUTLOOK

As indicated in last quarter's outlook, the results achieved in 4Q11 was lower than last year as 4Q10 has the benefit of profit from the sale of Dusit Laguna Phuket when we commenced our asset rebalancing strategy. In 2Q11, we sold Laguna Beach Resort.

With the continuing EU debt crisis and a weak US economic recovery, 2012 will be a challenging year. For our property sales in Thailand, sales of secondary holiday homes are expected to remain slow due to the current negative sentiments towards the country and a weak global economy.

However, the hotel forward bookings for 1Q12 for owned hotels in Thailand on same store basis are in line with last year and overall the Group is ahead by 9%.

We will continue with our stated strategy of growing the fee-based revenue, asset rebalancing while exploring business opportunities to broaden our earnings base.
